

Installation Of New Walkway

Thank you to W V Concrete for the fine job.

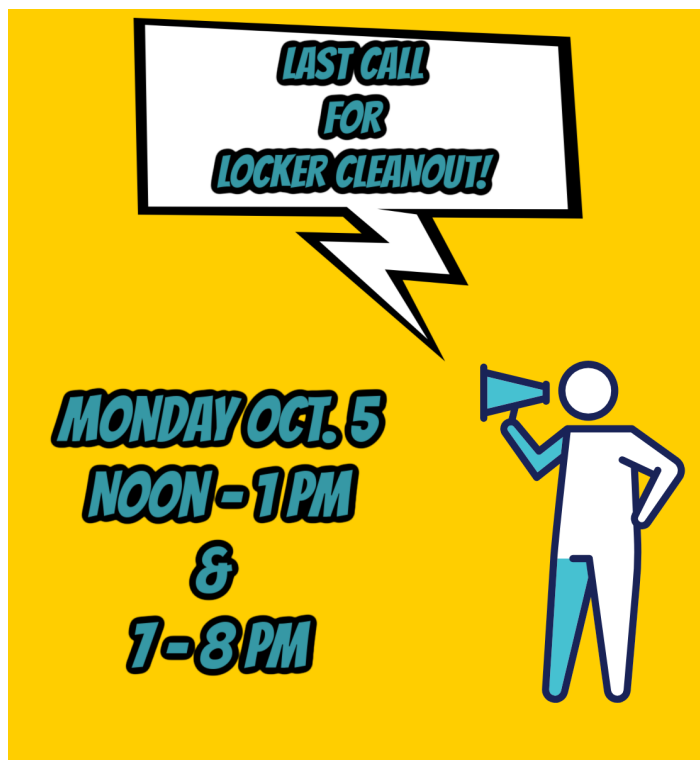

Thank you to the Web Committee for all of their hard work creating the new website. The committee consists of:
Maureen Coleman (Chair), Kent Byrnes, John Fantin, Gerry Mallette, and Rand MacIntosh

SQUARE TERMINAL

Square has arrived at the club. This portable Point Of Sale (POS) machine means that we will be able to pay with Debit, Visa and Mastercard in the club itself. Yes, even at the bar! In the very near future, you will be able to pay for your memberships, bonspiel registrations and donations to the club through our webpage. The club is also working on the capability of shopping on-line. Your Club Manager (John Young) and current President (Deanna Bullard) have some work to do setting up the "back end" side of this service. Please watch for an email that will inform you that this new service will be available.

Ad Hoc Committee

In order to keep our membership engaged for the next year, I propose that an Ad Hoc committee be established to plan, assist and engage in community minded and social activities. The activities must meet safety requirements for the participants and volunteers. It is hoped that these activities or events will promote locally the name and goodwill of the Chatham Granite Club.

Membership on this committee can be members of the Board and as well as club members. Leagues may be called upon to assist in these events.

List of Possible Activities or Events:

1. Fish Fry at the Chatham Granite Club. Members can place orders and pick them up.
2. Participation in Canned Food Drive.
3. Food Truck Dinners in Tecumseh Park.
4. Twinning charity events with the Chatham Kent Health Alliance.
5. Promotion of local sponsors charity events.
6. Assisting the Good Fellows annual Christmas drive as well as packing and delivering baskets.
7. Demonstration of curling in public location in January.
8. Assisting with the Christmas Village at the Chatham Armouries.
9. Take out chicken dinners at the Chatham Granite Club.
10. Parking lot coffee gatherings.

Maureen Coleman

MEMBERSHIP PRIVACY

The Chatham Granite Club would like to reassure members that it has not, and does not share our member contact information to other clubs, marketing groups and non-membered individuals. The Club is very concerned about the recent use of our members' private contact information without consent, and is working to rectify this situation.

As of the publication of the newsletter, the Sydenham Community Curling Club has not responded to our requests to provide the source by which our Membership List was obtained.

The use and distribution of the Membership List will be reviewed by the CGC Board in the near future.
